

# Diploma in Christian Studies: Christian Leadership DipCS(CL)\*

level 5, 120 credits

## Programme Summary

On completion of the Diploma in Christian Studies students will have developed the capacity to tell the biblical story, to read the Scriptures within their wider historical context and to understand a theological framework for life and ministry. Students will have begun the process of developing the disciplines necessary both to maintain their own spiritual growth and to serve in voluntary leadership capacities within the church and in our world.

The Christian Leadership strand equips people to evaluate and deliver ministry programmes within their context, to think deeply about their faith, and to lead a wide range of Christian operations. Students are equipped with a biblical and theological foundation upon which applied Christian leadership skills are developed through internship in real life practical contexts.

## Flexible Study Options

Students can study towards the DipCS(CL) via a range of flexible learning options, including a combination of on campus and Distance Learning courses, as well as part-time study. This programme may also be studied at one of our partner colleges or hubs.

# Core Courses

## 115.515 READING THE BIBLE

Approach the Bible from the perspective of biblical theology, which allows the Bible to tell its own story as a unified grand narrative that culminates in the person and work of Jesus Christ. Explore the unity, diversity, and central themes of the Bible to make sense of the relationship between the Bible, theology, and all of life.

## 201.515 ENGAGING THEOLOGY

Be introduced to systematic theology and learn to think theologically. You will examine God's self-revelation, how that revelation can be understood, and why it is foundational for Christian faith. You will then explore the arrangement of this revelation into a set of core beliefs and their application to everyday living.

## 401.515 FORMATION

Explore personal and communal spiritual formation, through engagement with Scripture, theological understandings, and a range of Christian spiritual practices. This reflection will include (1) evaluation of key aspects of your own formation, (2) evaluation of your experiences of personal and communal strategies intended to facilitate spiritual growth, and (3) the development of spiritual practices which will foster your spiritual formation and strengthen your contribution to enhancing human wellbeing within your own social and cultural contexts.

## 505.515 CHRISTIAN LEADERSHIP & MISSION

Explore Christian leadership and mission by means of the evaluation of personal and community faith journeys, ministry programmes within your context, and your own emerging sense of call and mission.
