Library Homepage

www.laidlaw.ac.nz/library

This is where you access the One Stop Search, Library Catalogue, plus other Library information and resources.

Electronic Resources

To keep you up-to-date with the latest journal articles on relevant topics, we subscribe to several online databases, including EBSCO, ProQuest and the New Zealand Libraries' Catalogue. Ask a librarian if you need help with accessing research tools.

E-Books

We have a growing ebook collection that can be accessed via the library catalogue by entering the keyword "ebooks" into the basic search box within the Library Catalogue. This will list all available titles. You can then display the full record by clicking the title you want, then clicking the URL from the record to open the ebook link.

You will then be asked to log in using your provided username and password to access the book which can either be read online or downloaded (Adobe Digital Editions is required for this).

Please ask the library staff if you need any help accessing ebooks. We can provide a detailed document with step by step instructions.

If in doubt: ask a Librarian!

We are here to help you with any of your information or research questions. We will point you in the right direction and help you answer those tricky questions.
