Laidlaw Courses in Local Churches – A Videoconferencing Option

## COMMUNICATION PACKAGE

Laidlaw College wants to help make it as simple as possible for you to offer ongoing theological study and Bible training in your home church context. We recognise the value of further education and want to be able to support you in offering something enriching and accessible for and in your community.

Here are some blurbs that you can use in your church to let them know about this upcoming opportunity!

### Church E-Bulletin or Website

**“There is not one blade of grass, there is no colour in this world that is not intended to make us rejoice.”  
– John Calvin**

Being a Christian means more than just knowing the Bible. It is about making sense of what we read, and applying that understanding to the real world we live in. It is about turning everything that we see, hear and do to the worship of our incredible Father God. Learning how to do that is what theology is all about, and it is about as engaging and important an activity as you could possibly imagine.

On Tuesday evenings, join us for *Engaging Theology*, a Laidlaw at Large course that will help you to make sense of your faith, and live it out well among your family, friends, neighbours and colleagues.

**“The ultimate goal of theology isn’t knowledge, but worship. If our learning and knowledge of God do not lead to the joyful praise of God, we have failed.” (Sam Storms)**

Join us Tuesday evenings for *Engaging Theology*, a Laidlaw at Large course that enables us to make sense of the world around us, and to turn it all to worship of incredible God.
