R404.830 NARRATIVE APPROACHES TO SPIRITUAL CARE

David Crawley | 13-17 Jan 2020, 9:30 am - 5 pm

Utilising postmodern approaches to pastoral care and counselling, together with a participatory theological understanding of Christian spirituality, this course develops a theoretical framework for understanding the ways in which people story—and can be helped to re-story—identity and spiritual experience. This framework has practical relevance for people offering spiritual care to others (e.g. pastors, chaplains, therapists, mentors), although ministry involvement is not a course prerequisite.
